To Whom It May Concern,

My name is Alexandra Harrison, and I am writing to express my interest in the school counseling position available at your school. As a second-year student in the Georgia State University School Counseling, M.Ed. program, I believe that I have both the skill set and passion for student success, advocacy, and collaboration that would make me a valuable member of the team.

I have a bachelor's degree in both Psychology and Nursing, and I worked as a mental health nurse in various capacities for six years. This past year, I also completed my practicum experience at Shallowford Falls Elementary School in Cobb County. This experience provided opportunities to both observe and lead individual sessions, small groups, and classroom lessons with all grade levels. I also collaborated with my supervisor, the counseling team, teachers, and administrators to support students' needs and growth through academic, personal, and career development. Through this experience, I was able to gain a deeper understanding of the design and implementation of a comprehensive school counseling program, as well as the positive impact the program has on both students and the school community.

Thank you for taking the time to consider my application. I would welcome the opportunity to contribute to your school community and discuss how my experience would benefit your students. I am confident that my background and skills would make me a strong candidate for this role. I look forward to speaking with you.

Warmly,

Alexandra Harrison
